## 1. Introduction

*Thank you for your interest to my product.*

*EDIT AVATAR plugin (Abbreviation: **EA**) can edit user avatar who registered to Question2Answer(Abbreviation: **Q2A**) site. Since Q2A doesn't have feature to edit avatar, users have to upload after editing own photograph. If you set up this plugin, user can crop avatar after uploading. Moreover, plugin has rotation, sharpness, scaling, etc feature. Plugin is made in accordance with the plugin making manner of Q2A. Therefore, you can upgrade Q2A in comfort.*

*Your Q2A site will become active because many users set up avatar. The convenience of all the people related to Q2A improves, and I hope Q2A system is recognized from people in the world.*
